ESTIMA SPORTS

Founded in 2016, Estima Sports delivers football activities for hotels in the Algarve. We are proud to work with Pine Cliffs Resort to provide guests with a high quality on-site football academy.

COACHES

Our team of qualified coaches are here to provide high quality technical training for our young players.

Each member of our coaching team holds minimum FA level 2 or equivalent as well as first aid training and background / criminal record checks.

Our coaching team have vast experience playing and coaching football around the world. We pride ourselves on delivering fun, inclusive sessions for all abilities. Our weekly curriculum focuses on a different topic each day and ends with a Champions League style tournament for the players to showcase their skills!

PARTICIPANTS

Our young players will be put through their paces during the camps with each day focussing on a different topic and the week ending with a World Cup style tournament.

Each session consists of a fun warm up, technical drills, match related games and of course matches & tournaments. Every player who attends will receive a medal and a certificate with their scores for each topic and a professional player comparison.

Our first and main aim is that our young players enjoy every session and improve their game! Suitable for players aged 5-16 of all abilities.
